SUNDAY TRADING.

To the Editor of the Bethwell Times.

Dear Sir,

Permit me through the columns of your paper to make a few remarks on Sunday-trading in Bethwell. Last Sunday evening I had occasion to go down the Commercial Street, Newcastle, and saw a number of people, when I heard a voice singing in the ears of passers-by, "Come over, water, water, water." I could hardly help but say to myself, "What a shame! What a shame! The cry I find very indignant. The man's name was all the more aggravating and his sin all the more heinous, that he uttered it in the name of Jesus! He was seen proceeding towards Leeds the worse for beer. Now, sir, who is to blame for this? Is it the poor of Bethwell, a man who is naturally a good man, who is to blame? No, sir, it is the people to a certain extent. Had the man no buyers for his beer, he would not have been so tempted to trade on Sunday."

CANDIED PEELE from 44, per lb. 7, 7th. box. 2s. 2d.

These fruits are now being cleared so rapidly that we expect to be quite sold out of some of them in a day or two. Intending buyers will therefore do well to send in their orders quickly to avoid disappointment.

accountable to God for his in deserting the day of Sabbath, but the people of the village are not allowed to go to school, and I have to trust that those individuals who have hitherto failed to comply with the Sabbath law will cease to do so, and we shall no longer bear the burden of their sins. I have been very much struck by the moral law, and thereby bring credit upon us as a village, instead of a word to our own shame. I go about as usual. Stanley is now the owner of twenty-one of the small farms, and a number of yours come out of one or two shops in the village. I have been very much surprised to think much work as this ought certainly to be stopped, and I sincerely hope the law will be stopped.

Yours truly, J. W.

The Aloft's explosion has just occurred, and the theoretical danger of "coal dust" in gas was first mentioned. "Blast Hill pit" grew out of it. He concludes by urging the miners to know their duty and to do it, helping each other in every good thing."

YOUNG MARRIED WOMAN OF TWENTY YEARS. "I have been more than 10 years of age, lives at 68, Bridge street, Newnham, Wiltshire. Her name is Collier. Seven years ago, I was a healthy, stout, and well-later took cold, and became perfectly paralyzed was the most deplorable we have ever seen. I was unable to walk, and my feet and legs were very much thickened; the feet were tormented with itching, and the legs were very sore in the home of her parents, especially warm and dry weather. I was very much distressed, never accept a testimonial from any person who has not been given up as incurable, and never patently cured. I was told that I should use a good vegetable medicine as necessary as food, *Flaccid Bitters* is the best and surest. Nearly a year ago, I was cured by *Flaccid Bitters*, in Little London, Burdock, &c., &c., and of great value, in the treatment of all the diseases of the blood, namely, *Dandelion*, *Burdock*, or any other common herb, in one to two teaspoonfuls. Who but the *Flaccid Bitters* is the best and surest cure of piles? It is the aloes, or aloes and soap."

She was able to walk, and her appetite was so good that she was able to eat soft frye meat, and the patient could feel good, and turn over in bed. The medical men, who were very carefully watching the case, saw that the patient was getting better, and the proprietor of Moonstedd Bitters, who, upon seeing the patient, had said that she was a baronet if she could not be cured by his legs, said that the proprietor of Moonstedd Bitters was made a baronet if he did cure the patient. Dear Sir:- Cannot express my gratitude to you as I thank you unselfishly, for you have granted me most painful comfort. On the 15th day of December, 1904, I was informed by you that it was decided to remove a cancer from my left leg by amputation, which has caused much pain and suffering. I have been able to rest at times, being unable to do anything for myself and my family.

I am thankful to God that we beared of you, and that you have been so persistent in your efforts to relieve my suffering. On the 15th of December, only just in time to prevent further suffering, when you said you could cure me. I rejoice to inform you that my breast is perfectly healed.

and his neighbors marveled at his change. For some days the husband faithfully administered the life-giving medicine, and the patient gradually recovered. He could reason and move more freely and left his bed. "In a fortnight the trocked leg was left straight," he boasted, "and the patient was able to walk and to bear up and turn over in bed. The medical men, however, were not so easily convinced. They would hear the secret. The mother hastened to consult the proprietor of Moomsed Bitters, who, upon seeing the patient, said, "I have never known a case like this in a month. One of the surgeons who had attended the patient, and who had been called in to see him, told me he was a basket full of dirt he cured the patient, and that he was a quack. I have never seen the patient, and I now daily walk talking about the stress and strain of my business, and the strain of my business, to the astonishment of all its inhabitants.  three years, and been lived up by seven doctors, and
 the last was the final physician at the General

 felt quite restored, but I always have a cough

He determined to come out and die at home, but he saw the proprietor of that truly remarkable and complete "Moon Shot" Water, and being that Mr. Stethall was perfectly cured, and had worked six years since. Reader, will not this satisfy you as to the miserable state of the so-called medical profession? If it does not, then let me give you the profession! *More* me die of the so-called medical profession of the present day, than of disease. Many of the wise-ways—allegories say that medicine has slain more than disease.

fifty doctors, physicians, and surgeons fail, it matters not, for "Moonsend Blisters" give new life and vigor to the dying. Some loads of medicine, and other goods, are made simple to be bought and used. The will not have their colored breasts cut off, for a grievous cancer was never cured by the knife. The nervous cancer no longer be swindled by those who give the cancerous cancer. The cancerous cancer is not to charge a lot of money for forwarding some life trash. OUTLTON & WOODLESFORD

DRINK AGAIN.—At the West Riding Col. Friday, William Henry Little, master tallower, had two charges preferred against being drunk, and also for assaulting his wife on Whit-Monday.—Mr. Hill, of Leeds, appeared on the wife.—The parties are a young married couple living at Leeds, but at Outlton, Woodlesford. They have lived most happily together for a long time past, and some time ago the husband was sent to prison for two months assaulting his wife. In September last, the

The defendant failed to comply with the law, he was again arrested on the following day. After the defendant took a cottage at Nealeford, and his wife and two children went to live with him. On Whit-Monday, about six days after his wife found her husband drunk at the Three Horse Shoes Inn. She asked him for a walk round Oulton Feast, as he had promised to do. He refused, told the court he had previously served two months for her, struck her in the street. Subsequently he went on the head with a large jug, and injured much, and she had been under the care of surgeons. The defendant was drunk, created a disturbance in the street, threatened to murder both children, and had said he would swing.

The deceased had her stockings and one slipper on, thought that while in the act of getting up, been attacked with sudden illness, and expired, after hearing the evidence, concluded had resulted from natural causes, and a verdict to that effect.

SERVICE OF SONG.—The Rathwell Musical Society, who are ever willing to aid in furtherance of any good cause, have just published a volume of songs, "Service of Song."

B. Seaton, pronounced the reading of the touching story of "Nancy Alice's Gem," while the vocalists acquitted themselves in a creditable manner in the choruses, and altogether of a very effective and harmonious. The solos, duets, etc., were given with taste by Misses Clara, Gertrude, and Beatrice Seaton, Misses Ward, Miss Varley, and Messrs. W. Hampson, Idle, Blackburn, Seaton and The singing throughout was conducted by the leader, Mr. J. Idle, and many thanks are due also to those who constituted the band, in a successful manner in which the whole service was conducted.

DRUNKEN VILLAGERS.—We had hope Sergeant Turton and his men had succeeded in their temperance societies, in almost a week's trip to the West Indies, which gone by, used so regularly to follow the holidays. It is to be regretted that the is being again found necessary, and the of several foolish men are suffering this week's pleasure. (?) The following cases were at the West Riding Court, on Friday last: Ward, miner, of Carlton, was charged by Phillips and Sergeant Turton with being dr

DESPERATE ENCOUNTER.—On Sunday evening last night, a row occurred in Marsh St., seldom lately disgraced our generally well-lighted streets. Shortly before this hour, a dog to which Ernest Frost had been severely kicked by a man named Dominic Kilkenny, and the owner pleased to P. C. Hardy, who was on Butcher Lane, and asked him to name of the man in order to have him arrested.

received some hard blows, and was also bitten. Just at this time P.C. Priestley came having released Hardy, they got the handcuffs off Hardy, but they did not let go of their man, who resisted violently. On George Marsh St. near Mr. Goldbrother's shop, the man used every effort to obtain the release of his companion, offering ball to a considerable amount, they could not succeed in this manner, commenced abusing and hustling the policeman, eventually in Hardy having to add some effective impressions with his stick. After having gone for a waggontte to convey the man to Wakefield, Hardy was very sorely put to it.

two general fellows, who, more than once, a rescue. By this time, a large number of men gathered under the spot, and had they not been there, the police would have been in vain. As it was, Hardy managed to turn up, and shortly afterwards, Joe Frost in his carriage, delighted to have the opportunity of driving his assailants to Her Majesty's Wakefield. Before leaving, however, the convicted man had something more galling to do. Priestley sprang at Patrick Finn, appeared to be the leader, and had endeavored to rescue Kilkenny; a tussle ensued, and Hardy, one of his prisoner, assisted Priestley to get "bracelets" on to Finn. In the meantime had taken the opportunity of making off up Lane, along with another fellow who had g

TEMPERANCE MISSION.—A seven days' mission commenced on Sunday, by the Rothwell Tea Society, most of the meetings being fairly well attended. On Sunday, an outdoor meeting was held at 10 Mrs. J. Mr. M. SUNDERLAND'S GOLDEN WEDDING. Mrs. Mr. Sunderland's name will be known to the hearts and memories of our older readers who, some thirty years ago, when the English singers were numerous as now, and when the lady whose wedding was celebrated yesterday, earned and won the title of the "Yorkshire Queen of song." SUMPTION.

Hundreds of patients apply to me (who are not in consumption by some of the best practitioners) who are not consumptive at all. Some of them are offended at being told that they suffer from consumption. I have, however, many hundreds who have taken large quantities of a recently and extensively advertised article said to cure consumps. I have never seen one consumptive benefited by it, but I have known many die while taking it. I know many who have been told by some of our best and most experienced physicians, who have a large experience in such cases, that they are now fully cured; and, of course, a testimonial was so effective that another consumptive had been cured. The patient believing it to be true, and the advertiser not knowing any better, advertised it as such. I never accept a testimonial from any person who is not a consumptive, and I never have heard of any other person being cured by it.

good vegetable medicine is as necessary as Moonsseed Bitters is the best and surest. Every pill made and advertised as Camo daniel, Burdock, &c., &c., and of great value little else than sloes. The dose of the pure extract of Camomile, Daniel, Burdock, or any common herb, is one to two teaspoonfuls. If a madman would expect to find this quantity does of pills? It is the sloes, or sloes and which act as a purgative, and the ignorant say are good pills. This is not the right vegetable for the advertisers, who know that once you have them you always need them. Moonsseed is the masterpiece of medical compounds. Try analyse it. There is no person who cannot be better by taking it.

**EASE THAT IS COMING UPON U
IT IS TOO RIDICULOUS.**

Our question is, What is this disease that has upon us? The answer is—*fraud! fraud! fraud!*—do not allow you to write to grateful patients for information; if you do not believe what they have written, you cannot believe anything else that they write, and you can convince your extreme ignorance when you write to enquire. It is simply asking the patient if he is truthful, and we think you extremely childish to suppose that we could advertise names and addresses of our towns and villages if not true. If you further particulars send stamped address envelopes containing two pence postage stamps for Humphreys, E. Powell & Co., Swindon, Wilts.

LATEST TESTIMONY—AS TO MOON'S

Upper Park, Welsh Bicknor, near Le
Herefordshire, Feb. 17th, 1883.

DEAR SIR,—I cannot thank you enough for
advertising the Moonseed Bitters; it has been a
blessing to me, as I have been a great sufferer
three years, and have been given up by seven doctors,
the last was the head physician of the Samaritan
Hospital, London, where I was sent by my doctor
after twelve months' treatment, and for the last
months he visited me every week. Then he said
he could do no more for me, as it was a cancer in
back, and I must go through an operation. I was
in London, where they held a consultation over me,
and came to the conclusion that I was too weak, and it
combined too much in the back, so I was sent home,
incurable, where I kept my bed for ten months,

and saw the Moonseed Bitter advertised, I
bought it and thought it should like to try it, and he said
I got a bottle, but it may be better away from
me. I cry bitter, and the third day I felt bet-
ter. One week I could dress myself and walk
one room to the other, and in a fortnight I
could do more, and after I was up from bed
I felt quite refreshed, but I always used to feel
weak. My friends all say that I am wonder-
fully great my friend what Moonseed Bitters have
You are at liberty to make use of this—I regret
Your truly,

There is any one question them upon the life. There is any one pill upon earth worth a guinea as Moonsod Bitters is worth ten thousand guineas a bottle. For females of all ages, it is of the greatest value, doing what all other medicines are unable to do for females as it cures the liver (take iron or steel, as the iron hardens the brain and the steel destroys the teeth, the guinea hardens the brain, and sometimes gives fearful headaches. For Biliousness, Liver Disorder, of all kinds, Dropsy, Wind, and Indigestion, a bottle of Moonsod Bitters is worth a thousand bottles of Podophyllin and Taraxacum. If an unprincipled dealer tells you he can make something as good as Moonsod Bitters for your case, remember there is nothing to equal Moonsod Bitters.

This truly marvellous remedy has been highly improved, and a 6s. 6d. bottle contains a full month's supply.

CAUTION.

There is something to be said on behalf of the Rev. Mr. Scott and Mr. Denton in the apparently indiscreet action they took on the application for licenses. EXTRAORDINARY POPULARITY OF THE

"WHITE"

SEWING MACHINE.

Increased sales day by day in all towns in Great Britain attest the fact that no American Sewing Machine has yet met with so much success.

No other machine can boast of such a record. Wherever exhibited it has obtained prize medals.

AMSTERDAM INTERNATIONAL EXHIBITION, THE ONLY GOLD MEDAL.

For Machines of American Manufacture.

NICE (FRANCE) INTERNATIONAL, GOLD MEDAL.

And the crowning triumph, the

INTERNATIONAL HEALTH EXHIBITION, South Kensington, London,

where, by exhibiting one sample machine, the judges awarded the highest medal for

ABSOLUTE SUPERIORITY, SIMPLICITY, EASY RUNNING & NOISELESSNESS,

which, combined with all practical improvements, now make the "White" Hand or Treadle Sewing Machine the best in the world.
